

Model No.	WTS- 100NO
Product Picture	
Detection Type	thru- beam
Detection Direction	Side
Detection Range	1 meter
Light Spot Size	Ø5cm/50cm
min detection object	Φ1mm opaque objects
Response Time	1ms
Light Source	650nm red light
Operation Voltage	DC 12~24V
Max Output Current	50mA
Consumption (no- load) Current	<25mA
Ambient Temperature	operation: - 25 ~+70°C; storage: - 40~85°C
Indicator Light	power light: red output light: green
Connection	cable type
Circuit Diagram	

Схема подключения приёмника датчика
